# Core Values

RYT

---

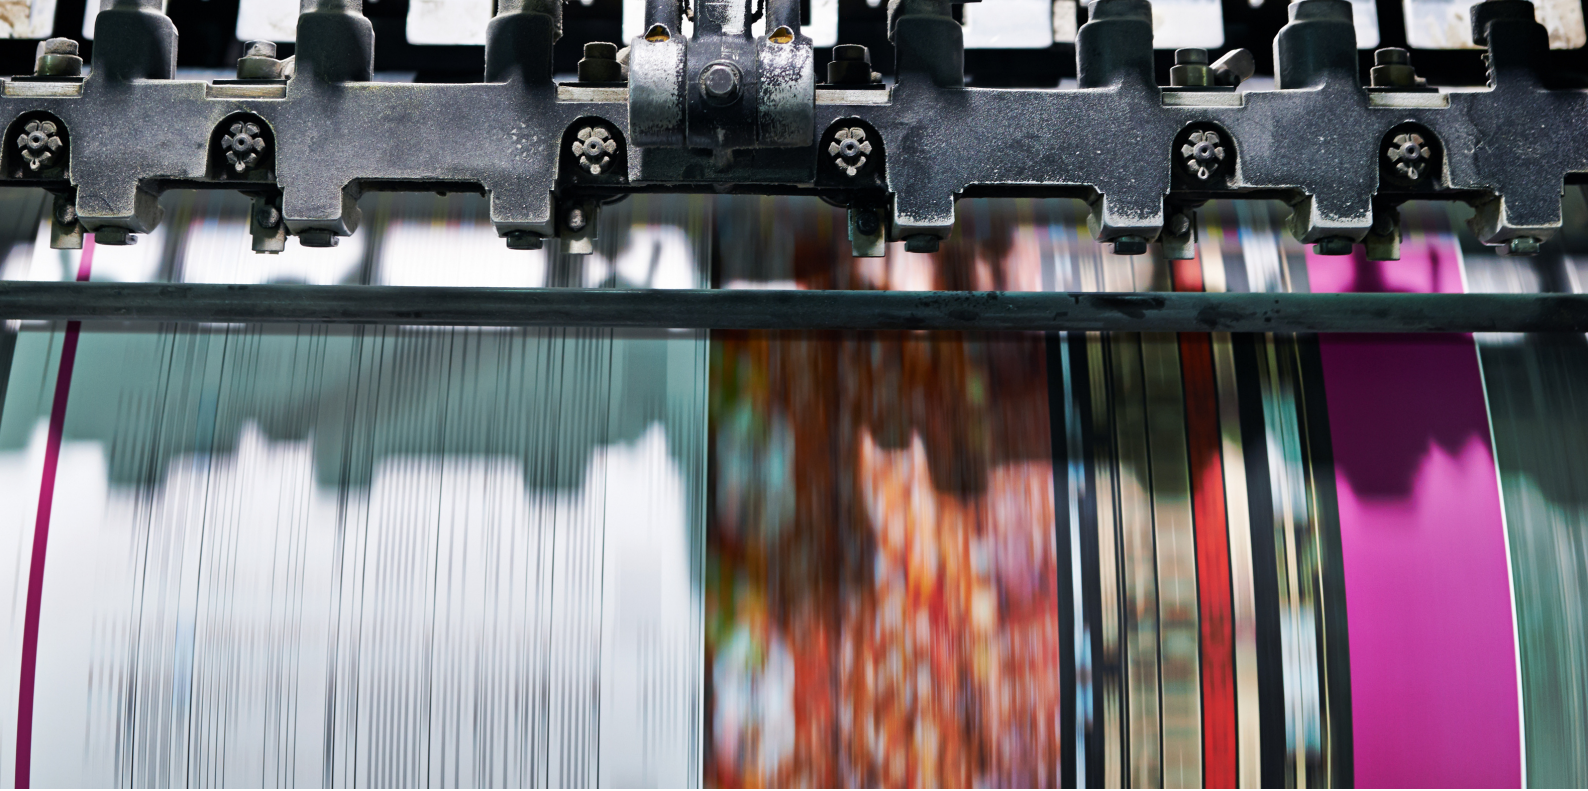

- Integrity
- Professionalism
  - Resilience
  - Hard work
  - Excellence

---

We believe in quality, excellence and unrivaled customer services and all of these together have been responsible for our uniqueness in the industry and also guides our approach to everything we do in terms of our production.

# History

RYT

---

RYT Printing and Packaging Limited took over Arizona Trading Limited which was incorporated July 1993 with the main object of delivering the best in printing services - **Press, Digital;** Distribution of **photographic films, papers, batteries, etc.** and General distribution of **Consumer Products and Confectioneries** etc.

RYT Printing and Packaging Limited has grown over the short period of its business existence, and has remained highly competitive and profitable in its business activities as evidenced by its operating results.

With staff strength of about 150, made up of highly qualified, experienced and tested professionals who are highly motivated, RYT Printing and Packaging Limited is positioned to attain greater heights.

# Technology

RYT

---

In line with the dynamics of technology in the global printing industry, Our factory is today equipped with automatic in-line UV and Water based Vanisher/Laminator ; Polar Eltromat Cutter and Puncher ; Creasing and Cutting machines ; automatic Gluing machines , etc.

We have all equipment for Die Cutting, Folding, Embossing and Gluing on all type of finishing. We operate a state of the art Heidelberg CD 102 6 colors with coater.

Ours is a fully, well equipped Off- set Printing Press , with core competence in the production of Light packages or inner packs with top of the range finishing, second to none.

Our Personalized finishing department ensures that all your packaging needs are met.

# Our Services

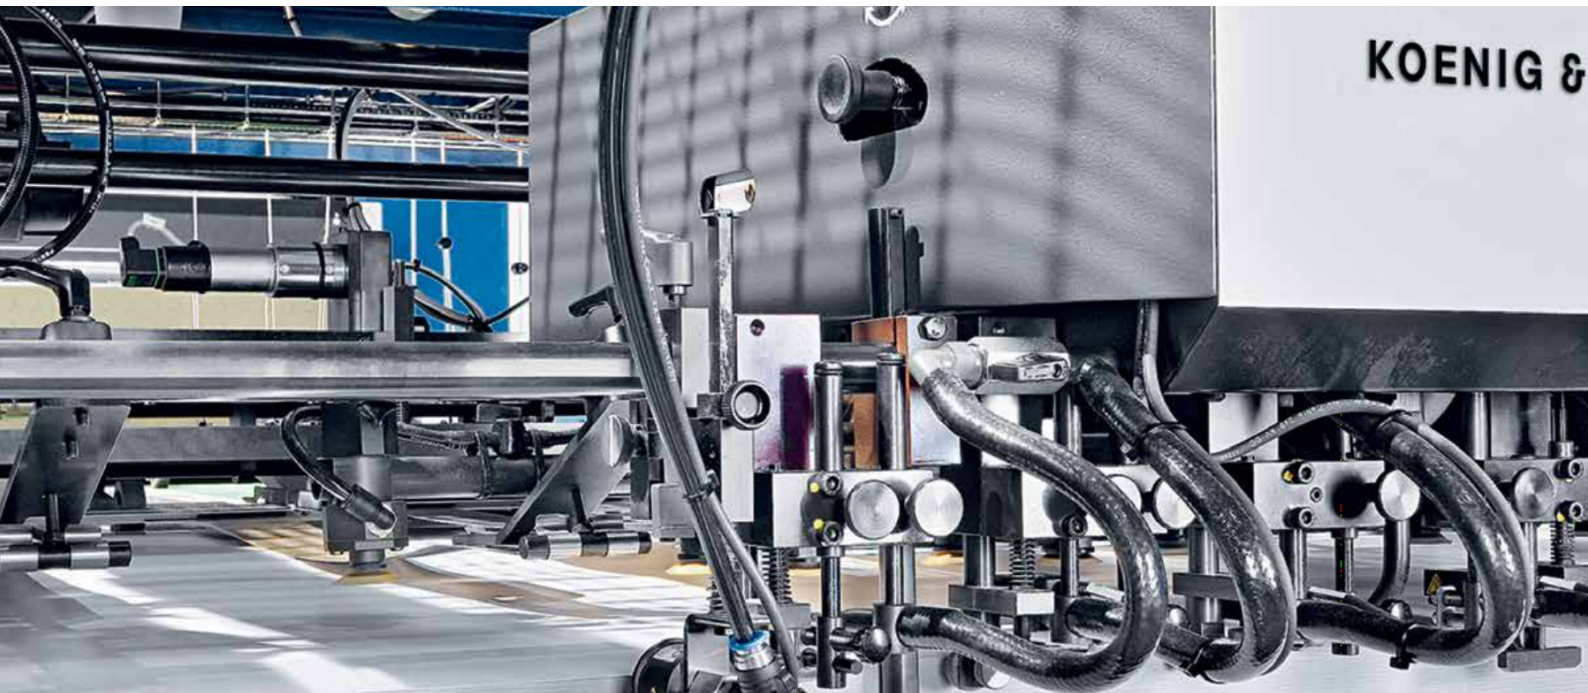

RYT

---

**We provide state-of-the-art printing services.  
We run and operate a state-of-the-art KBA  
Industrial printer.**

**Only 3 available in the entire  
West African market.**

---

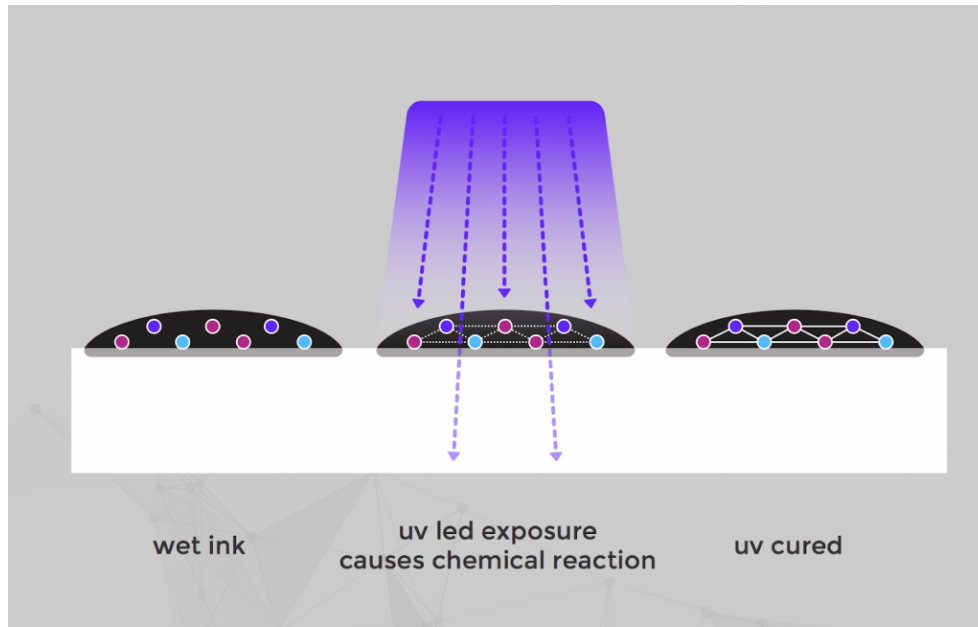

- **UV CURING**
- **PRINTS ON PLASTICS**
- **5 COLOR PRINTING OPTION**
- **PRINT ON METALIZED PAPER**

# Our Services

RYT

---

## UV CURING

**UV printing** is a unique method of digital printing utilizing ultraviolet (UV) light to dry or cure ink, adhesives or coatings almost as soon as it's hit the paper, or aluminum, foam board or acrylic - in fact, with our state-of-the-art equipment, this perfection and high quality technique can be used to print on almost anything.

---

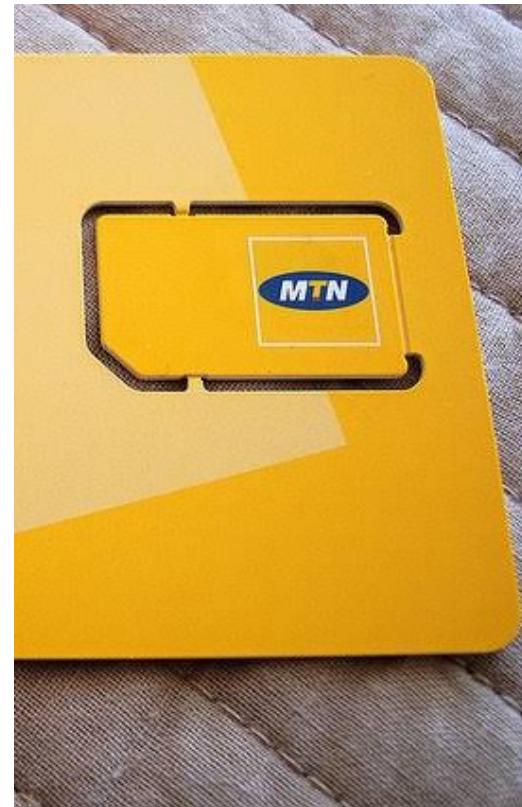

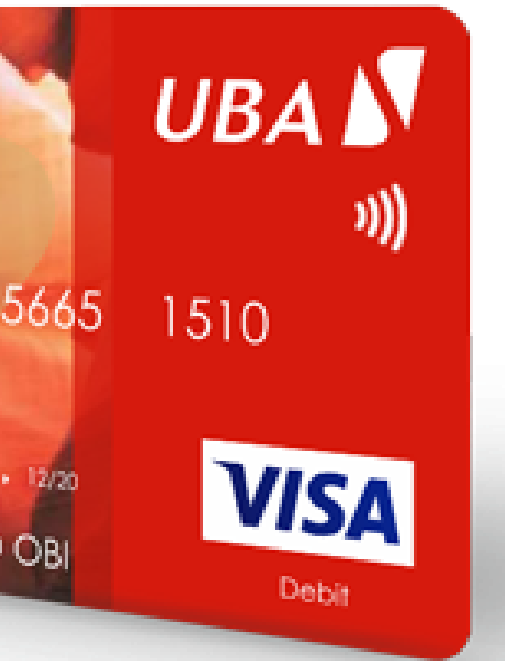

- UV CURING
- PRINTS ON PLASTICS
- 5 COLOR PRINTING OPTION
- PRINT ON METALLISED PAPAER

# Our Services

RYT

---

## PRINTS ON PLASTICS

Polyethylene (PE) and High-density polyethylene (HDPE) are among the most common plastics used for printing.

With relatively low surface energy, printing on plastic surfaces can be challenging but is easily achievable with

**RYT PRINTING.**

We provide the best plastic printing solutions for Bank cards, Sim cards, and Identification cards.
